# Dew Drop Inn

-A John Deere Dream-

When we opened our doors in October of 2002 our dream to open a restaurant and bar came true. The small farming community we live in had seen the only bar in town close three years earlier. They had only sold burgers, chips and beer. It took a little convincing, but Dewey (who had grown up in St. Jacob) finally agreed that his hometown needed a restaurant as well as a bar.

If you take a look around you'll notice we've honored the farming heritage of our community. What started out as decorating the walls with John Deere wallpaper (Dewey has restored tractors - and our son was grinning from ear to ear when we took a picture of him with a little John Deere tractor and matching wagon) has grown into a collection of many different tractors and farm related items people have brought in to display in the bar area. Yes, family and friends have helped us become what we are today - successful restaurant, known for our award winning food and down home atmosphere.

Enjoy yourself while you are here and whether your journey takes you a block away or miles down the road, we want you to know you'll always be a welcome of the family here at the Dew Drop Inn.
