

Looking for preschool/daycare services?

St. Jacob United Church of Christ is conducting a survey as part of an effort to explore the need for a preschool/daycare program based in our church. If your family might be interested in such a program, please respond by email at stjucppreschool@gmail.com. or drop a note to our church at St. Jacob United Church of Christ, Attention Preschool Daycare, 207 West Main, St. Jacob, IL 62281. Please be sure your communication includes your name and address and the number of children you have who might attend our church-based preschool or daycare. Birthdates for children will help us organize data. It is our hope that such a program could be of benefit to our children and our community.
